

Autumn 1 2024

 <p>How many children did Queen Victoria and Prince Albert have? Research about them.</p>	<p>Research the invention of the railway in Victorian times. How did this change the lives of many Victorian people?</p>	<p>Find out what lessons Victorian children did at school. Compare it to the lessons you do and write about the similarities and differences.</p>	 <p>Research the Crystal Palace. Why was it built and what was it used for?</p>	<p>Design a new cover for our class text, "Street Child".</p>	<p>What sort of clothes did Victorians wear? Were these the same for poor people and rich people? Draw pictures of both with explanations.</p>
<p>Use this link to make a Victorian Toy! https://downloads.bbc.co.uk/history/handson/history/victorians_games.pdf</p>	<p>Learn the song "Oranges and Lemons" and find out what it means.</p>	<p>Write instructions of how to play HOPSCOTCH !</p>	<p>Invent a game that Victorian children could have played in the playground. Or invent a board game, based on facts about the Victorian period.</p>	<p>Watch the film Oliver! which was set in Victorian London. Create a piece of writing or drawing based on the film.</p>	<p>Design a Poster to ban children having to work in Victorian times!</p>
<p>Over this half term, these are activities that you can complete if you are self-isolating, home learning or just want to do something extra.</p> <p>Please choose just one of the Victorian based tasks to complete as your Creative Homework for this half term. We will show these in class during week commencing 14th October.</p>			<p>As part of our Science Topic on Earth and Space, research why some people think that structures such as Stonehenge might have been used as astronomical clocks.</p>	<p>Keep a sky at night journal for a whole week. Draw a picture of the moon every night. Does it change over the course of the week?</p>	<p>Play Maths games on Mathsframe https://mathsframe.co.uk/ User: Broadbent Login: Maths123</p>
